WILLCOX & BBS SEWING MACHINE

WILL STITCH, HEM, FELL, TUCK, CORD, BIND BRAID, QUILT AND EMBROIDER BEAUTIFULLY with the Sewing Machine and Thread, run from perfect work in the East, making over the heaviest heavy cloth and cord, with no change of needle, thread or tension. It will sew on cotton, linen, silk and wool. It runs easier, faster and stiller than any other machine. It forms a flat, even and elastic seam, differing from every other stitch, each loop being reversed by means of THE "ROTATING HOOK," and drawing the twist in to the goods, thus securely fastening every stitch, so that the seam will bear to be cut at frequent intervals, and a that case even, the seam is warranted NOT TO RIP IN WEAR and under all circumstances to "survive the wash." GIL, were not family garments, houses, yards, dresses, etc., have been submitted to Committee at FAIRBANKS where was the SEWING MACHINE, and to THIS STITCHING machine have been awarded for its SUPERBITY, DURABILITY, ELASTICITY and BEAUTY.

A Patented Device prevents the possibility of the machine being run in the wrong direction, or the balance wheel ever starting or stopping the work.

THE NEEDLE CANNOT BE SET WRONG.

Thus avoiding the great trouble of other machines.

NO BREAKING OF NEEDLES.

The blade of the needle is less than three-fourths of an inch long, and is straight.

THE HEMMER AND FELLER CAN NEVER BE SET WRONG.

Any one may adjust them in five minutes. The hem may be of any width. No other hemmer or feller is like this. It turns the hem on the right or under side as you want it.

IT WILL NOT STOP STITCHING. As the needle is always at right, the blade short and straight, does not vibrate, like longer ones.

It is run by steam at 2000 stitches per minute—other machines at only 600 to 1000, with safety. They are

Manufactured with Mathematical Precision,

Hence each part is interchangeable and can be readily replaced in case of accident. The machine cannot be adjusted. Sewers will not get out of order. It will last a generation, if properly cared for.

Those who have used it can be persuaded to use any other.

The Sewing Machine, durability and beauty of its stitch

WERE NEVER EQUALED.

Its RAPIDITY, ABSOLUTE STILLNESS, EASE OF MOTION,

simplicity and neatness of its Hem and Fell, were NEVER APPROACHED by any other machine. We can call in any boy or girl from the street, and with three minutes instruction they will set the needle, attach the hemmer, or Feller, and do the work with entire ease.

The Sewing Machine is the Best Family Sewing Machine in the world. Whoever the merits of the other machines, it is no disparagement to say the Willcox & BBS is worth, for family use, double that of any other ever offered to the public.

It received the Gold Medal of the American Institute—the first prize for

"THE BEST SEWING MACHINE,"

at the great New England Fair—the Vermont State Fair—the Pennsylvania State Fair—the Indiana State Fair—and 31 other first prizes at the meetings of Mechanical and Scientific Societies all over the world, are among its trophies in 1864.

It is now the Great Leading Family Sewing Machine

ALL OVER THE WORLD.

FLUID EXTRACT

OF

BUCHU.

AT THE CAPE OF GOOD HOPE

THE HOTTENTOTS

have long used

BUCHU

FOR A VARIETY OF DISEASES.

It was borrowed from these rude practitioners

by the

English and Dutch Physicians.

On whose recommendation it has been em-

ployed in Europe, and has now come

into general use.

IT IS GIVEN CHIEFLY IN

Gravel, Chronic Catarrh of the Bladder,

MORBID IRRITATION

OF THE Bladder and Urethra,

FOR

Female Weakness & Debility,

For Prolapsus and Bearing Down, or

PROLAPSUS UTERI,

DISEASES OF THE PROSTATE GLAND,

RETENTION, OR INCONTINENCE OF URINE,

And all diseases requiring the aid of a di-

retic arising from a loss of tone in the parts

concerned in its evacuation.

IT IS ALSO RECOMMENDED IN CASES OF

DYSPEPSIA,

CHRONIC RHEUMATISM,

Cutaneous Affections and Dropsy

To cure these diseases we must bring into

action the muscles which are engaged in their

various functions. To neglect them, however

slight may be the attack, is sure to affect the

bodily health and mental powers.

OUR FLESH AND BLOOD

are supported from these sources.

PERSONS AT EVERY PERIOD OF LIFE,

From Infancy to Old Age,

and in every state of health, are liable to be

subjects of these diseases.

The Causes in many Instances are Unknown.

The patient has, however, a good remedy in

HELMBOLD'S

Fluid Extract of Buchu.

Philadelphia Evening Bulletin Editorial,

HELMBOLD'S

GENUINE PREPARATIONS.

His Solid and Fluid Extracts embody the full

strength of the ingredients of which they are

named. They are left to the inspection of all.

A ready and conclusive test of their properties

will be a comparison of these set forth in the

United States Dispensatory. These remedies

are prepared by H. T. Helmbold, a druggist of

sixteen years' experience in this city, and we

believe them to be reliable; in fact, we have

never known an article lacking merit to meet

with a permanent success, and Mr. Helmbold's

success is certainly prima facie evidence. His

Drug and Chemical Warehouse, in the city of

New York, is not excelled, if equalled by any in

the country, and we would advise our readers,

when visiting that city, to give him a call, and

judge for themselves.
